

Concealed Weapon 9mm:

Made with Pride
in the U.S.A.

The Kahr CW9 has the combination of features which make it the best Concealed Carry Weapon (CCW) in the market. It has the ideal combination of stopping power and shooting comfort, and is smaller, slimmer and lighter than competitive brands. Its smooth double action trigger reduces flinch, improving shot placement, and is safer. In stressful situations, fine motor control is impaired contributing to the possibility of accidental discharges with traditional single action triggers found on many autos and revolvers. The CW9's natural point of aim and low felt recoil make it an ideal gun to shoot and carry.
